**Opportunities, choices and
support for young people
& their families**

An early intervention program for 12-25 year olds

We acknowledge the Traditional Custodians of the land where we live and work and their continuing connection to land, water, sea and community. We pay respects to Australia's First Peoples, to their unique and diverse cultures, and to Elders past, present and future.

Inclusion is about the actions we take every day. We welcome, support, and celebrate diversity.

Sometimes it can seem that life is spiraling out of control. Getting it Together (GIT) helps young people to create positive change in their lives and stop the downward spiral.

GIT supports young people (12-25 yrs) to find opportunities for positive change in their lives through:

- **education on the impacts of alcohol and other drugs**
- **the creation of ongoing positive family and community relationships**
- **building self-esteem, personal growth and life skills**
- **addressing personal issues and health problems**
- **harm minimisation strategies**
- **connecting young people to specialist services where appropriate.**
