

Discover The Clubhouse – a space to make, share and belong

The Clubhouse is funded by the Department of Regional NSW and is a member of the Global Clubhouse Network. This global non-profit organisation encourages young people to explore technology through education. The Clubhouse operates as a drop-in centre for young people aged 12 to 18, providing a creative and safe after-school learning environment run by Social Futures.

- The Clubhouse enables young people to work with adult mentors to explore their own interests, develop skills, and build confidence in themselves.
- All staff and volunteers hold Working with Children Checks.
- All staff, members, and volunteers follow Internet Safety Guidelines, abide by the Clubhouse Code of Conduct, Software Policy and respect the Clubhouse Copyright Policy.
- Clubhouse Members are expected to adhere to Clubhouse Community Guidelines. These support respect for yourself, respect for others, respect for equipment and respect for the space.
- All Clubhouse Members **must** have the Membership Registration Form signed by a Parent / Caregiver before joining Clubhouse Activities.

Building the foundations for success

- The Clubhouse goes beyond access to technology to help young people develop technological fluency, skills, and experiences to help them succeed in their lives.
- The Clubhouse is not a computer "lab" – but rather an invention studio or artist's workshop, where young people work on creative projects based on their own interests and ideas.

Clubhouse Community Guidelines

As members of The Clubhouse we:

- Respect and protect the people, resources and reputation of the Clubhouse and Clubhouse Village
- Take responsibility for safety in the Clubhouse and Clubhouse Village
- Contribute to the Clubhouse Community

At the Clubhouse and in the Village we all agree to follow the Clubhouse Code of Conduct and the Internet Safety Guidelines, abide by the Clubhouse Software Policy and respect the Clubhouse Copyright Policy.

Clubhouse Code of Conduct

The Clubhouse strives to provide a safe, comfortable atmosphere, in which members of the Clubhouse Community may explore their own creativity. To that end, we all agree to the following:

- All members of the Clubhouse Community are encouraged to explore their own creativity. I will help this happen by not doing anything to disrupt or discourage another's creative expression.
- I know that the Clubhouse is everyone's space. If I choose to play music or sound files, I will play it so that it does not disturb others. In addition, I will not play any music containing profanity. I will also adhere to the Clubhouse Internet Safety Guidelines so that no one in the Clubhouse will be exposed to inappropriate material and/or people who wish to misuse the Internet.
- In an attempt to make everyone feel comfortable in the Clubhouse, I will not use profanity and/or discriminatory language. In addition, I will not use language that purposefully offends another member of the Clubhouse.
- In an effort to ensure the safety of everyone in the Clubhouse Community, I will not steal, pirate software, or engage in any other illegal activity. The Clubhouse Village Team encourages everyone to foster creativity by freely sharing code, art, music, and other works. However, we also understand the need for individuals and companies to protect their intellectual property rights. You are responsible for making sure you have the necessary rights, licenses, or permission for any user-generated content you submit to the Clubhouse Village.
- I realise that the Clubhouse is limited in resources, and we are lucky to have all the equipment that we have. I will do my best to respect the Clubhouse space. I will not purposefully destroy or vandalise any property of the Clubhouse or of another Clubhouse Community member. I will also help to keep the Clubhouse clean by picking up after myself.
- The Clubhouse is filled with different kinds of people from various backgrounds. I will help create a feeling of community by respecting everyone I encounter and treating them how I would want to be treated. Both physical and verbal fighting will not be tolerated at the Clubhouse. If I have a problem I cannot solve peacefully myself, I will talk to a staff member and allow them to handle it.

Clubhouse Internet Safety Guidelines

The Internet offers a new world of experiences that can be educational, culturally enriching and rewarding. It can help increase school performance and future job potential. However, the Internet can also expose you to unsafe situations.

As a Clubhouse Member, it is your responsibility to protect yourself and the reputation of the Clubhouse by using the Internet safely. The following guidelines are to help Clubhouse Members, Mentors, Staff and Parents explore the Internet safely.

- Do not give out personal information such as your home address, telephone number, relatives names, parents' /guardians' work address, name or location of your school, your picture or other private information.
- It is okay to create an online nickname to protect yourself. It is okay to use your first name or a nickname and an email address to receive information, but do this with caution. Beware of contests and surveys that may use your information for unauthorised purposes.
- Never agree to meet anyone in person whom you meet over the Internet. It is impossible to know who you are really talking to. If someone encourages you to meet with them, tell a Clubhouse staff member, mentor, and your parents /guardian.
- If you receive messages that are mean or make you feel uncomfortable, tell a Clubhouse staff member or mentor. It is not your fault if you get a message of this kind and you have no responsibility to answer. If in doubt, check it out with an adult.
- Remember that information on the Internet can be incorrect, misleading, or inappropriate. Check more than one source and use your judgment.
- On your own web page, follow the above guidelines. Use only your first name or nickname. Any picture of yourself should be disguised in some way to protect your identity.
- If using the Internet at home, make sure your parents or guardians are aware of your activities.
- Discuss the Computer Clubhouse Internet Safety Guidelines with your parents or guardians. Share your experience with your parents and family to help them explore the Internet safely.
