We acknowledge the Traditional Owners of the land where we live and work and their continuing connection to land, water, sea and community. We pay respects to Australia's First Peoples, to their unique and diverse cultures, and to Elders past, present and future.

We connect families to services.

We are a free local service available to any family, child or young person experiencing challenges.

We can connect you to support services to help you and your family cope better including:

- **employment, education and training**
- **housing**
- **government and community organisations**
- **family support services**
- **intensive family support**
- **drug and alcohol services**
- **other support options**

## Parenting is a tough gig... Family Referral Service is your link to support.

Each family has different needs and ways of coping. We will help you to find the services and support programs that best suit you and your family.

We work with families from Grafton to Tweed Heads.
